**MIKE KENEALLY BAND & BRYAN BELLER BAND  
TO TOUR WEST COAST IN OCTOBER**

World-renowned virtuoso guitarist and multi- instrumentalist/composer **Mike Keneally** is set to launch his first West Coast full-band tour in years, bringing his remarkably inventive musical vision to nine cities in October in support of the Keneally Band's latest Exowax Recordings DVD/CD live release, *bakin' @ the potato!*

From Keneally's well-documented recorded work as a guitarist/keyboardist/vocalist in Frank Zappa's last touring band, to his recordings and performances with Robert Fripp, Dethklok, Wayne Kramer, Steve Vai, Screamin' Jay Hawkins, Joe Satriani, Andy Partridge and many others, he's earned a reputation as someone who brings an intense, original musical voice to any and all musical happenings. His extensive and wildly diverse original catalog of 20 albums (and counting) defies traditional classification, and concertgoers are regularly left awestruck by his band's high-wire-act execution of the eclectic material. *Time Out New York* says "this band, with such a peculiar genius leading it, is a thing to savor."

In a unique twist, this tour's **Mike Keneally Band** members also comprise the opening act, the band of Keneally's longtime bassist **Bryan Beller** (Steve Vai, Dethklok), whose intricate jazz/rock compositions and tasteful playing earned his third and latest album *Wednesday Night Live* widespread acclaim ("Beller is part of a new elite in the world of jazz-rock fusion." – *Jeff Miers, The Buffalo News*.) The **Keneally/Beller Band West Coast 2011 Tour** features Keneally, Beller, drummer Joe Travers (Zappa Plays Zappa), and guitarists Rick Musallam (Ben Taylor, Byrd York) and Griff Peters (Billie Myers, Anika Paris).
